## ABOUT ME

Brazilian, 26 years old and front end developer for 8 years. I've worked as back end developer for 6 years and I am fluent in HTML5, CSS3, Javascript, jQuery, Sass and also in PHP and MySQL.

I graduated in Web Design at Grupo CDI (2006) and studied LAMP (back-end) in parallel. In 2010, I started graduation in Design, at IESB Preve. At the third year, I stopped the graduation and decided to go further in front end. Indeed, my area is strongly related to codes.
